A2

HOBBIES

Video games

Board games

Escape Game

PRESENTATION

I'm really excited to keep building my network and to keep learning and growing in this amazing field!

I'm passionate about the work I do and I'm committed to doing it well.

EDUCATION

Diploma of Engineering in Digital Sciences school year 2026

École nationale supérieure d'électrotechnique, d'électronique, d'informatique, d'hydraulique et des télécommunications (ENSEEIH) in Toulouse in France

Second year student with a major in Network Systems Architecture

- Study of various network protocols (OSPF, RIP, DNS, MPLS)
- Study of routing in telephone telecommunications networks
- Multi-threading programming
- Programming a compiler in OCAML
- Programming on an FPGA card in VHDL

- Trained to receive testimonies of HVSS (Harassment and sexual and gender-based violence)

PROFESSIONAL EXPERIENCE

Internship

Irit-ENSEEIH Juin-Juillet 2024

- Research into virtualisation and internal networks between virtual machines
- Study of the implementation of these internal networks in Oracle VirtualBox software
- Creation of explanatory videos on Oracle VirtualBox internal networks

EXTRA-PROFESSIONAL EXPERIENCE

Associations

- Vice- president of the AC7PT association (fight against discrimination)
- Vice-president of the 7Fault club (creation of video games)
